

## QOMO introduces the Next Generation of QClick Audience Response Systems: QRF-600

Wixom, MI, May 20, 2008 – QOMO HiteVision today announced that to meet the rising demand for classroom interaction, QOMO is introducing the next generation of QClick Audience Response Systems with the following features:

- Extended range utilizing radio-frequency technology
- LCD display with alpha-numeric keypad
- Homework mode allowing students to complete self-paced exams on or off-site
- Compact size receiver and modern stylish design
- PowerPoint based application with a one-click conversion of existent slides
- Wireless instructor remote and the ability to import XML exam files

QClick's enhanced new features and sleek design, coupled with its attractive price point will propel users to the height of today's interactive classroom revolution.

The QRF-600 will be on display at infoComm 2008 in Las Vegas, Nevada. Visit us at booth N5001. More information is available at [www.qomo.com](http://www.qomo.com).
