

presenstation™ 800F1

4K | EM Battery-Free Pen | Capacitive Touch

For teaching and presenting while staying connected to the room.

keep your eyes on your audience
and your ideas front and center.

The **PresenStation 800F1** is designed to help you stay present while you **write, draw, navigate, and respond in real time**—using your fingertips or a stylus on a **responsive capacitive touchscreen**. Everything stays in front of you, so interaction happens face-to-face with your audience, not behind a screen.

Learn more about the PresenStation 800F1 i at qomo.com/presenstation-800f1 or scan the QR code.

write, speak, share. never look away.

big screen? bigger screen? entire wall?

The **PresenStation 800F1** moves your content from display to display—even entire walls—with no change in how you teach, speak, or present. Slides, annotations, and visuals appear exactly where you expect them to, whether you're working with a monitor, a large display, a full-wall surface—or to infinity.

ergonomic by design.

Includes an **angle-adjustable ergonomic table mount** for comfortable positioning during use, along with **VESA mounting options** that adapt easily to different room layouts.

built for real presentation setups.

Multiple connection options—including **HDMI input and output, USB-C, and USB extenders**—make it easy to integrate the PresenStation into existing rooms.
