

# i complete me.

More than just a tool—it becomes an extension of you, adapting to your unique teaching style and preferences wherever you go.

**BundleBoard i** is the most comprehensive **Google EDLA certified** interactive display that fully embraces **Google's ecosystem**. With access to the complete **Google Playstore** and **upgradeable Android OS**, the BundleBoard i transforms to match your evolving needs.

Learn more about the BundleBoard i at  
[qomo.com/bundleboard-i](https://qomo.com/bundleboard-i) or scan the QR code.

i remember.  
i follow.  
i adapt.

### NFC SUPPORT FOR LOGINS tap once. it's already you.

Tap your card, scan a QR code, or enter your password and your digital workspace appears instantly.

### ROAMING PROFILES making start from scratch obsolete.

The BundleBoard i experience follows you from room-to-room with **personalized profiles** that remember your shortcuts and customizations.

i listen. i learn. i assist.

### GOOGLE VOICE ASSISTANT + AI need something? just ask. seriously.

Control your BundleBoard with **simple voice commands**, **search for content**, or use the power of **Google AI** to become your personal teaching assistant.

i connect.  
i engage.  
i collaborate.

### MULTI-TOUCH COLLABORATION 50 points of touch. 1 point of connection.

Transform every lesson into a truly interactive experience with **50 points of simultaneous touch**. Students can collaborate at the board together without taking turns, making passive learning active.
