JOURNEY 14 PANEL
QUICK START GUIDE

| **1** | **OPS**
 Installation | | (If you do not have an OPS, you may skip the following step)

 Install the OPS by the following steps:
 1. Insert the OPS into the special slot on the rear of the interactive panel.
 2. Tighten the screws.
 3. Confirm that the OPS is installed correctly.
 Note: The OPS does not support hot-plugging. Please insert the plug of the OPS after the interactive panel is disconnected from the power. |

2
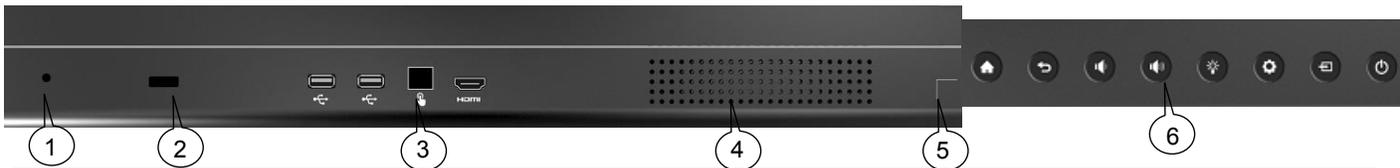

Item	Icon	Function Description
