Annotation

## group collaboration

### MULTI-TOUCH TECHNOLOGY

Ideal for teamwork with 10-points of touch and integrated software that allows for simultaneous writing and collaboration.

## software with no hidden costs

### AND NO LICENSING FEES

Create lessons without worrying about software renewals. We make it easy for you with interactive software and tools that pair with handy shortcut keys on the board.

## as easy as a normal whiteboard

### DRY ERASABLE

Like a whiteboard, the QWB382 F1 has an erasable surface when using dry erase markers.

## programmable pen tray

### QPT100

An ergonomic and easy-to-use pen tray within reach to launch the software and select different pen colors
