2024 Product Catalog

QOMO®

Qlassroom
tech toolkit

we make collaboration technology work the way you want it to.

ᗰ QOMO®

QOMO is a leading US brand and global manufacturer of educational and collaboration technology.

We're the only parter with a full product offering for collaborative classrooms and conference rooms. After doing this for more than 20 years, we understand how to work with everyone from CEOs and CTOs to district administrators and classroom teachers.

QOMO focuses on creating user-friendly technologies that allow everyone to enjoy what they do best.

SOMETIMES ONE IS THE LOVELIEST NUMBER

It's always easier dealing with fewer companies than many. Our products integrate with your existing technology to be easy to use and easy on the budget.

THE RIGHT SIZE TO BE BOTH RELATABLE AND RELIABLE

From Sales to Support, you'll never be treated as anything less than an actual human being. We're the right size to take care of you the right way, right away.

about us

k12

Teach your students in a way they understand, with easy-to-use classroom technology.

NO TECH FOR TECH'S SAKE
Our team develops devices that enrich learning and enhance communication with your students, instead of distracting from your classroom goals. We understand that technology isn't the be-all-end-all of education, but a facilitator for human connection.

SIMPLY GOOD GEAR
We balance an abundance of useful features with ease of use to reduce the learning curve as much as possible. QOMO manufactures educational technology with the specific needs of teachers in mind. We're always seeking your feedback to add more shortcuts, optimize your time, and make it simpler for you to hit the ground running.

SUPPORT THAT'S ACTUALLY SUPPORTIVE
Your relationship with QOMO doesn't end after you make a purchase. We're as invested in the end-result of using our products as you are. Whether you need technical support or emotional support, we're here for you when you call (or email)!

AFFORDABLE AND ADAPTABLE
We know the best way to save you money is to provide educational technology that works with whatever you already have. Our products are flexible, customizable, and come with preloaded software so you can use them right out of the box. They'll work with nearly any mobile device, application, or IT infrastructure already in use.

higher ed

Collaboration technology that takes lectures from passive to interactive.

ACTIVATE YOUR CLASS
QOMO creates educational technology that establishes the best conditions for interactive learning, turning lectures into conversations. Our devices encourage students to actively engage, and make it easier for instructors to present and share information.

BIG IDEAS WITH A BIGGER IMPACT
Go beyond the humble blackboard and reach the entire lecture hall with crystal clear visuals and amplified audio. Add new dimensions to your lectures with instant access to digital content, an audience response system, and wireless screencasting.

TEACH MORE EFFECTIVELY
QOMO's educational technology helps you hold attention, gauge comprehension, and conserve your time and energy.

LESS TROUBLE AND LESS TROUBLESHOOTING
Sometimes simpler is smarter. QOMO's technology integrates with your existing software, and it's designed to be easy to use, so you'll need fewer visits from IT. When you do get stuck, we're here to help.

Audience Response System

QPC80H3
Gooseneck
Document Camera

products

we have all the products you need. all from one place.

QOMO is your single source manufacturer for all of your collaboration technology.

That means better product quality, higher performance, and a one-on-one relationship with you. Our line of products can take care of almost everything you can think of.

INTERACTIVE PANELS
An all-in-one interactive panel can transform your classroom, with access to thousands of apps and an entire world of digital media at your fingertips.

INTERACTIVE PODIUMS
A powerful presentation tool for making annotations on anything displayed on the screen behind you, from websites and documents to photos and videos, without having to turn your back on your class.

DOCUMENT CAMERAS
Everything from wireless, portable cameras to flatbed document cameras with superb image quality, and specialty cameras that can serve a dual-purpose as a document scanner or connect to a microscope.

AND SO MUCH MORE
Audience response systems that make shy kids shine, and our classic interactive whiteboard that can turn the front of your classroom into a collaborative workspace.

bundle**board** h

QOMO's BundleBoard H series is a sleek and fast interactive panel with an Android operating system and 32 GB of storage.

It's as easy to use as a smartphone or tablet, and designed for teamwork, with up to **40 multi-touch points, annotation capabilities,** and the **ability to cast up to 9 devices.**
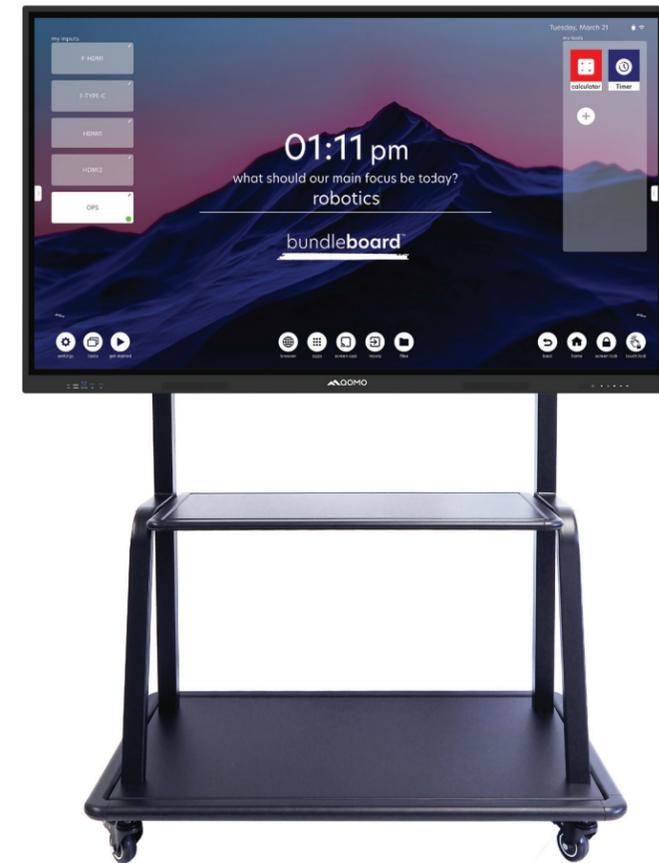

✓ **What Sets the BundleBoard H Series Apart**

CUSTOM-DESIGNED INTERFACE
Specifically designed to be **intuitive for the end-user.** Access what you need directly from the home screen.

RUGGED AND BUILT TO LAST
Never worry — BundleBoard's high quality metal frame and tempered glass can take it. Made for any public space, including classrooms, conference rooms, and lobbies.

IT'S A TOOL CHEST
Now with more tools to increase engagement, including Instant Poll, Whiteboard, Screen Record, Timer/Countdown, Share to Cloud and more.

MULTI-USER DEVICE CASTING
Cast between 1 and 9 devices from different platforms with built-in wireless screen sharing that supports airplay, chromecast, miracast, and webcast

QShare Wireless HDMI Tranceiver

From any HDMI or USB-C device, to any display. It's a powerful wireless casting technology, not dependent on your WiFi. That means it's faster (no lag) and sharper (Ultra HD 4K signal). With an added touch transceiver, you can interact wirelessly with your computer or phone on a QOMO touch screen. With an added touch transceiver, you can interact wirelessly with your computer or phone on a QOMO touch screen.

Learn more at **qomo.com/product/qshare**

Cast any HDMI or USB-C device, including PCs, phones, doc cams, and game consoles.

podiums

stay engaged while controlling your presentation.

Control multiple displays without ever having to turn your back on the room.

An interactive podium allows you to maintain eye contact with your class, and the energy of your presentation, while giving you complete control over what's happening on the screen behind you. A podium can output your presentation to any display screen, including an interactive panel or projector.

MAKE YOUR MARK

With annotation software, you can use your interactive podium to write, draw, or annotate over anything you display to your audience. You can circle and draw arrows to point out important details in a video or photo, highlight passages of a text, or complete a math problem along with your algebra class (and save your work to share online with your students).

VERSATILE AND ERGONOMIC

On a desktop, it can be used as a writing tablet or an interactive computer monitor. With electromagnetic touch (EM) capabilities, you can write on the interactive podium with a stylus and rest your hands comfortably on the screen without interference.

presen**station**™ 600f3

The PresenStation™ 600f3 interactive podium gives you complete control over your presentation without having to turn your back on your class.

This bright and incredibly responsive display allows you to **write, draw,** and **annotate** on your desktop with a touch pen that simulates writing on paper.

Present to multiple screens at once with the PresenStation!
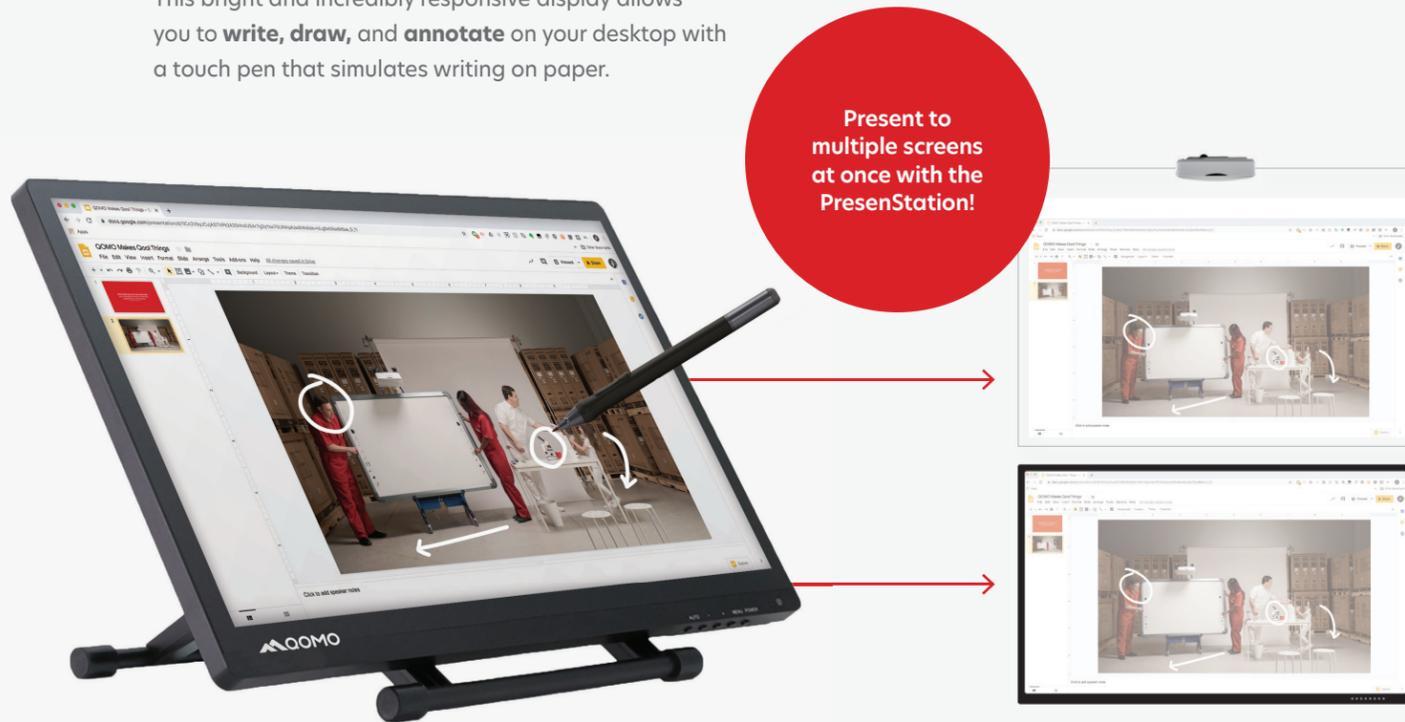

✓ What Sets the PresenStation 600f3 Apart

MULTIPLE CONNECTION PORTS

Designed as a presentation tool, we added **2 HDMI outputs for simultaneous projecting, and 2 USB extenders**. Control presentations across multiple screens without turning your back.

UNIVERSAL VESA MOUNT

An adjustable tabletop mount is included, but the back of the PresenStation has a **standard VESA pattern,** so use whatever mount you like. Even one that rotates.

PRESSURE SENSITIVE TOUCH

EM technology allows you to draw heavy or faint lines like you would with an actual pen on paper. Point-by-point touch allows for more precise pen touch without palm interference.

INTUITIVE CAPACITIVE TOUCH

Multi-touch for fingertips makes it easy and intuitive to use — just like using your smartphone. And, unique to QOMO, this feature can be turned on/off with the touch of a button.

PresenStation 600f3	
Panel Type	Active-Matrix Liquid Crystal Display (TFT)
Effective Screen Size	21.5 inch 478.64(H) × 270.11(V)
Resolution	1920(H) × 1080 (V)

QPC80H3
**Gooseneck
Document Camera**

doc cams

share the delight that's in the details.

Give a close-up view of small objects and documents to an entire classroom.

Just one document camera can **save you from making thousands of paper copies per year,** and can also save you money on textbooks and other class materials.

ZOOM IN ON OBJECTS AND SPECIMENS

You can demonstrate everything from how a circuit board works to how to sew on a button using a document camera. Some doc cams even connect to microscopes, so you can show your class real-time videos or still photos of specimens and lead a discussion about your observations. Document cameras are perfect for literary analysis, with annotation software that allows you to highlight book passages and write notes directly on the text.

RECORD AND SHARE LESSONS

Document cameras that can record audio and video enables you to save, replay, and share a demonstration or even an entire lecture online. This sanity-saving tool can not only help you conserve your energy throughout the school day—it can also transform the way you teach online, and help absent students catch up.

wander**cam**™pro

Pass the WanderCam Pro from desk-to-desk, share ultra-sharp 4K imagery from anywhere in the room.

Lightweight, **wireless**, and sturdy. QOMO's WanderCam™ Pro lets you **share objects and documents** and record video and photos from anywhere within **WiFi range — all with 4K clarity.**

Wander around the room or building to the reaches of your WiFi.

✓ What Sets the WanderCam Pro Apart

CONTROL AT YOUR FINGERTIPS
All camera adjustments are made on the **easy-to-use buttons** at the base of the doc cam. The extendable neck allows you to present an **entire textbook width.**

CONNECT WIRELESSLY OR DIRECTLY
Connect using powerful **dual-band WiFi.** Or simply use **built-in HDMI or USB**. All give 4K clarity.

LONG-LASTING BATTERY LIFE
A wireless doc cam with **8 hours of battery life.** No worries about the doc cam dying right in the middle of what you're doing. At the end of the day, just plug it in to recharge.

AUTO-PAIR WITH WIFI
Pair with your wireless network once — after that it will **auto pair.**

WanderCam Pro

Wireless Connection	Dual 2.4/5 GHz WiFi

Ports	USB C-A, HDMI
Operating Systems	Windows, Mac, Android OS
Warranty	2 years

Physical Specs

Weight	2.42 lbs (1.1 kg)
Operating Dimensions	9.5 in × 4.5 in × 3.4 in (folded), 13.6 in × 4.5 in × 15 in (un-folded)
Accessories Included	Quick Start Guide, USB Cable

10 Ways to Use Document Cameras in the Classroom

The greatest benefit of document cameras is the ability to give a close-up view of small objects and documents to an entire classroom. A single doc cam can save thousands of pages of paper in a year (no need to make copies for every student!) and can even help you save money on textbooks and other class materials.

Here are 10 thoughtful ways to apply document cameras in your classroom.

1. Zoom in on objects and specimens.
2. Read between the lines.
3. Record and share lessons.
4. Get students involved.
5. Host interesting visitors.
6. Help note takers catch up.
7. Manage your classroom.
8. Enhance demonstrations.
9. Make time to play.
10. Replace your scanner.

Read more of our posts at qomo.com/qontent-by-qomo.
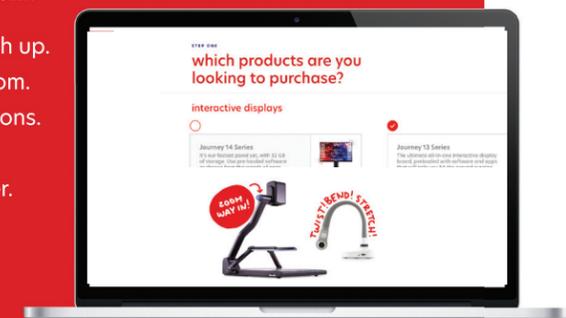

center**cam**™ 5000

The CenterCam™ 5000 is a smart 4K document camera and media center all-in-one.

Text optimization and backlighting make documents and books even easier to read from a distance.

✓ **What Sets the CenterCam 5000 Apart**

BUILT-IN MEMORY STORAGE
With **storage built in directly** to the camera, you can c**apture images** and **record videos to play back** anytime.

LCD PREVIEW SCREEN
Preview your content using the mini LCD screen on your CenterCam. Zoom and frame the camera image before sharing with the audience.

USER-FRIENDLY INSTRUCTIONS
The CenterCam has a **user-friendly guide printed on the camera itself**, making it super easy to use for anyone. This is great for first-time users and public spaces.

BACKLIT STAGE WITH LED LAMPS
One of the only flatbed doc cams to have a **backlit A4 viewing stage with 2 LED lamps.** Our large lamps provide evenly dispersed lighting without hot spots for better image viewing.
